Re: Monique Hodison-Stokes

Dear Madam/Sir:

I have had the pleasure of working with Monique for over 5 years at Deep South Insurance Services. During this time, she has worked both in the Underwriting and Claims departments. She is highly respected by both management and co-workers for her willingness to help, being well organized and for being diligent in her work.

When a new team was developed in Underwriting, we felt it would be very beneficial to hire someone with her impressive knowledge of the industry, leadership skills and communication abilities. While working as a Preview Underwriter, Monique helped develop the department's processing workflow and improve efficiency. Due to her dedication, she was instrumental in gaining the confidence of those in the Underwriting Department for the newly formed team.

She is a very talented professional who is a team player. She has the ability to adapt to different situations while providing excellent customer service both internally and externally. Please contact me if you have any questions.

Sincerely,

Kristi Gibbs
Office & Underwriting Support Manager
